## **North Waziristan: Shameful and Cowardly Attack by Khawarij on Innocent and Poor Workers**

After terrible defeat at the hands of security forces, TTP Khawarij are targeting innocent locals.

**Today in Shawal region of North Waziristan, cowardly Khawarij targeted poor and innocent labors who were earning halal livelihood.**

**According to details, labors who were working on construction of government building were returning home, when Khawarij blew up their vehicle with improvised explosive device, in which 10 workers got martyred and 3 more were injured.**

**Martyred and injured workers belong to Makin and Wana.**

Khawarij's targeting of innocent Mehsud labors, whom TTP always portrays as their own, proves their enmity against locals.

**As usual, civil administration and army have taken responsibility of supporting families of martyrs and injured ones as well.**

While PTM, which has been facilitating Khawarij and extorting wealth in the name of Pashtun people's rights, is still unable to condemn TTP.
