Bajaur: Khawarij Unsuccessful Attempts to Infiltrate from Pak-Afghan border, Afghan Facilitation Exposed

Infiltration attempts of Khawarij from Pak-Afghan border adjacent to border area of Bajaur are fully facilitated by Afghan personnel deployed on Afghan border.

According to reliable sources, TTP tashkeel from so-called Wilayat Malakand has been deployed in Khalai Dherai, Marwara area of Afghan Kunar province, with aim of attacking Pakistani security personnel posted on Pak-Afghan border to divert their attention and create favourable environment for infiltration from other areas.

Afghan interim government's open facilitation of TTP against Pakistan and its movement in Afghan areas with complete freedom and planning of attacks against Pakistan have exposed Afghan government's fake claims and hostility towards Pakistan.

Security forces are determined that they will stop unholy steps moving towards Pakistani territory and will never let Khawarij succeed in their unholy ambitions.

People of Pakistan strongly demand that government and security agencies take a clear and blunt stand and take all possible actions against Afghanistan and ensure establishment of peace in Pakistan by eradicating nurseries of terrorism in Afghanistan.
