## **Chitral Operation: Khawarijs Terrible Defeat and Customary Hypocrisy**

Afghan Interim Government was timely informed about confirmed reports of TTP's Khawarij movement from Afghanistan's Kunar province to Nuristan in large numbers and their presence near Pakistan's border areas.

**Regardless the fact on 6 September morning, TTP's Khawarij infiltrated from Nuristan and unsuccessful attempted to disrupt peace in Chitral. Prompt response by security forces deployed in area inflicted terrible defeat on Khawarij sending 15 terrorists to hell while more than 19 injured terrorists escaped back to Afghanistan.**

**After this failure, Khawarij are forced to resort to fake statements due to internal rifts and pressure from Afghan Interim Government and following their customary hypocrisy denying their presence on Afghan soil, which is highly illogical.**

Nation questions Khawarij that if they were present in thousands in Chitral, why locals did not know about them. Why Chitral which was progressing on tourism and development, was free from terrorism for past so many years and why terrorists face hatred and backlash from public.

After continuous failures, Khawarij are forced to resort to lies and hypocrisy, which nation rejects and hopes for their elimination, Insha Allah.
