War of Monopoly on Social Media Between TTP and Jamaat-ul-Ahrar on the Rise

TTP Umar Media and Jamaat-ul-Ahrar Ghazi Media are projecting Khawarij internal rifts on social media and exposing true nature of their so-called Jihad to public through conflicting statements.

Main motivations of this ongoing war on social media are as follows:

- ▲ **Both Umar media and Ghazi media are means to seek money from external masters through fake statements, so the real war is for money.**
- ▲ **Umar media disassociate themselves from activities against public and anti-Islam activities while Ghazi media exposes the true nature of Khawarij by accepting these activities.**
- ▲ **Terrorist Noor Wali Mehsud wants to control all the resources and is involved in killings of several leaders of Jamaat-ul-Ahrar while Jamaat-ul-Ahrar is looking for opportune moment to kill him.**
- ▲ **Jamaat-ul-Ahrar Ghazi Media claimed responsibility for the suicide attack on Peshawar Police Lines Mosque and exposed lies and hypocrisy of terrorist Noor Wali Mehsud, after which terrorist Noor Wali Mehsud poisoned Sarbakuf Mohmand to death.**

Khawarij and their fake media channels involved in extortion, terrorism and target killings under the guise of so-called Jihad are being exposed by their own hands and revealing their true nature to the nation. Public have recognized lies and hypocrisy of Khawarij, hate them deeply and hope for early elimination of Khawarij.
