North Waziristan (Gharyum): Big Blow to TTP Gohar Group Two Terrorists Sent to Hell

On the outskirts of Gharyum, security forces identified the movement of terrorists in a timely manner upon information and killed two Khawarij in a highly successful operation.

According to the details, security personnel deployed in the area targeted the terrorists when they were moving with the unholy intention of attacking the post of security forces. The security forces chased the terrorists and foiled their escape attempt, while in a fierce exchange of fire, two terrorists of the TTP Gohar group were sent to hell.

Killed Khawarij include terrorist Masoom alias Kare alias Shaheen and terrorist Zahirullah alias Hari, who were involved in terrorist attacks, installation of automatic bombs, recruitment of innocent children and facilitation of terrorist groups. The hypocritical TTP as usual is reluctant to acknowledge its dead.

Security personnel deployed in North Waziristan are keeping a close eye on the movements of Khawarij with utmost diligence and bravery and are not giving them a chance to hide and run away. InshaAllah, the process of elimination of Khawarij will continue.
