North Waziristan; Locals Stood Against Khawarij Two Terrorists Killed by Local Tribes

Two Khawarij were killed and two more were seriously injured as a result of a clash between locals and terrorists in Hakeem Khel, adjacent area of Miran Shah.

According to reliable sources, terrorists used to force locals to facilitate and extort, on which residents of area got fed up and decided to take action against them, thus sent them to hell.

Slain terrorists belonged to Zafarullah alias Mukhalis group, who were involved in extortion and various terror activities in the area.

In view of possible presence of terrorists in the area, security forces have been alerted, who are monitoring movement of terrorists.

Tired of Khawarij's hostility towards Islam and people, locals have stood against them. Killings of terrorists by locals is a clear proof of their hatred. Insha Allah, locals and security forces will continue to bring these Khawarij to a terrible end.
